Cllr. Bright's below reply assures that HBC is *not* in discussion with Travelodge about a hotel being built in Radlett. HBC nonetheless still declines to share with residents what are its current aspirations for the Newberries site.

Thankfully I do not believe there is either any smoke or fire. A public question is being asked at full council on this matter. I have every reason to believe what I am being told that this was a (Travelodge) corporate release and had nothing to do with Hertsmere (Council) and that there have been no recent meetings with Hertsmere officers.
