TRACKS' Members

NO NEWS (IS GOOD NEWS?)

By the last update you were informed it now was understood "it could be impractical for HBC to proceed with any development proposal for Newberries in the near or predictable future (or, perhaps, ever)." It also advised that both TRACKS and the Parish Council would continue to ask HBC to share its any current thoughts – whatever they may be – about the Newberries site.

Since then TRACKS has twice asked HBC to act as above, also proposed two appropriate ways by which to do so but HBC continues to decline to communicate. So, should word of HBC's current position perchance come to you would you please let any Committee member know of this.

If/when TRACKS becomes aware of any news of note you will be informed of it.

Regards

TRACKS' Committee

Cc. Aldenham Parish Council
